

# Calypso

Calypso is a supermom. She raised 7 healthy, well adjusted kittens as a teenage mom. At only about a year old herself, she is happy to have put motherhood behind her. She and her brood were taken in after being tossed out in the snow in January.

Calypso is a petite torti-shell girl who adores attention/cuddles. Calypso would do best as an only cat or with a submissive male cat. We think she would love to be an indoor/outdoor kitty with a dedicated owner, as she loves to explore! Maybe a harness kitty!

Adoption Fee: \$250

(includes vaccines, testing, spay and microchip)
