

Mama Bean

Mama Bean is about 1 year old and full of sweetness. She LOVES attention and is very tidy. She successfully raised 3 kittens as a teenage mom, but now that her kittens are all grown-up, and she wants a family that can spoil her rotten. *Mama Bean* was taken in with her babies in January when they were tossed out into the snow. Her babies were pretty feral when they first arrived at barely 8 weeks, but she has never been shy about loving people and their attention.

She is a foodie and her new owner will have to be careful not to overindulge her. We have taught her to high-five for treats and she loves to show off!

Adoption Fee: \$250

(includes vaccines, testing, spay and microchip)
